You may recall that the survey is being conducted by an international group of researchers from universities and research institutions in several countries. We are calling to ask whether you would be willing to answer the follow-up survey that takes about 60 minutes, this year and again in 12-18 months time.</p> <ol style="list-style-type: none"> 1 Continue; respondent on phone 2 Respondent refuses interview 3 Unable to continue <p>If response=1, go to 007/BI235. 004	BI11526	<p>Read the script if the respondent asks for more information about the survey: a) IMPORTANCE OF SURVEY – WHO IS DOING IT This is a comprehensive survey of smokers in Malaysia and other countries that has to do with beliefs, attitudes, knowledge, and behavior about tobacco use. It is being carried out by researchers from University of Waterloo, Canada, and the Universiti Sains Malaysia. This project is funded by an ongoing grant from the US National Cancer Institutes. A major goal of the survey is to examine how smokers in Malaysia differ or are the same in their views towards smoking. We think people will find the questions quite interesting. B) WHAT'S IN IT FOR ME? We will talk to you on the telephone for about 60 minutes and we think you will find the questions quite interesting. In addition, we will send you a cheque for 30 Ringgit in appreciation of your involvement in this survey.</p>
005	BI11425	<p>Ask if 002/BI208=2 or 003/BI214=2. This is an important survey because it is being conducted among smokers as well as non-smokers throughout the world. It's very important for the accuracy of the survey for people who agreed to do the survey to actually complete it. We will be sending you a cheque for 30 Ringgit in appreciation of your involvement in this survey.</p>

Identifying information (which is not attached to the responses themselves) will be kept in secure locations here at University Sains Malaysia and at the University of Waterloo, following security procedures that we employ for our surveys. To thank you for your time, in the next few days we will send you a cheque for 30 Ringgit. Would you be willing to answer the 60-minute survey today and then again in 12-18 months for a second cheque?</p> <p>1 Yes 2 No 3 Time is not convenient</p> <p>If response=1, go to 011/BI100. 009	BI11439	<p>Ask if 008/BI241=2 or 007/BI235=2. We understand how you feel. We really appreciate your participation. The difference between this and most other surveys is that this is an international research project and we are talking to the same people a number of times to better understand what affects their opinions and smoking behaviour. This is why your participation is so important to us. Can we just start with a few questions and see how it goes? (If hesitates, say) Or would another time be better?</p> <p>1 Yes 2 No 3 Another time would be better</p>
